

Condom Small Vending Machine

Description

Small condom vending machines are typically sold for use in toilets or washrooms situated in bars and nightclubs, although their distribution is increasingly widespread across a range of consumer locations. This mini vending machine is a very positive development from the perspective of promoting sexual health. It mainly consists of powder coated steel cabinet, coin acceptor, bill validator, system board, motor and spiral. With this mini condom vending machine, consumers can buy packed condoms by coin or IC cards.

Features

1. Pukui mini vending machines are cordless and easy to install.
2. The small vending machine has high volume battery. It can realize vending over 3,000 packs of products or for 3 months after fully recharged.
3. Our mini condom vending machines possess high quality surface spray to ensure rust prevention.
4. This small vending equipment can automatically count the sold amount.
5. The mini vending machine is easy to set price.
6. The use of explosion-proof tempered glass, steel cabinets and multiple anti-theft designs can ensure the security of the commodity, currency and equipment.
7. Pukui small condom vending machine can diagnose itself automatically. The diagnosis results will be delivered promptly to the operator, which facilitates day-to-day maintenance.

Operation and Maintenance Attentions

1. We need to know the exact dimension of the products for vending.
2. Our company provides one year warranty for the broken parts of this mini vending machine. Customers can contact us via email or phone for after sale service.

Packaging and Transportation

We package automatic small condom vending machines in carton for ordinary order. For bulk order, we use plywood cases for sea or air transportation.
