

Six Outlets Water Vending Machine

Description

Water vending machine with six outlets possesses six sets of vending system and outlets. This multi-outlet water vending machinery can serve more people at the same time. Advanced RO purification technology ensures that water quality is in accord with the Chinese national standards. Equipped with a waterproof stainless steel cabinet, it provides safe, tidy and healthy water. This equipment is typically used in campus. Water vending machine with six outlets is mainly composed of RO membrane, filter, powder coated steel cabinet, coin acceptor, IC reader and system board. The multi-outlet water vending machinery can supply 24-hour pure drinking water for customers. Customers usually use IC card to buy purified water.

Features

1. Water vending machine with six outlets is convenient to replace filters and easy to maintain.
2. Airtight filling and high concentrations of ozone sterilization can eliminate the secondary pollution completely.
3. With pre-treatment sand and carbon filters, this multi-outlet water vending machinery realizes strong pretreatment and reversed flushing to reduce using cost.
4. Equipped with digital water vend counter, the water vending machine with six outlets can record the vending situation.
5. Water production capacity is from 800 GPD (3000 L) to 2400 GPD (11350 L) per day. The water sales capacity can be flexibly adjusted according to customers' needs.
6. This multi-outlet water vending machinery adopts 24-hour uninterrupted UV sterilization to guarantee water quality.

Operation and Maintenance Attentions

1. We need to know the source water quality and choose a water vending machine with six outlets with proper water production capacity.
2. Our company provides one year warranty for the broken parts of this multi-outlet water vending machinery and offers excellent after-sale service.

Packaging and Transportation

We package the water vending machine with six outlets in carton for ordinary order. For bulk order, we use polywood cases for sea or air transportation.

Specifications of Six Outlets Water Vending Machine

Material	Stainless steel (304) and powder-coated steel
Stainless Dimension	195 cm (W) × 72 cm (D) × 180 cm (H)

Jiangmen Pukui Intelligent Machine Co., Ltd

Address: Lubian Industrial Zone, Chaolian Town, Pengjiang District, Jiangmen City, Guangdong Province, China

Tel: +86-750-3727343 **Mobile:** +86-13750376668 **Fax:** +86-750-3723532 **Sales Manager:** Mr. John Chen

Delivery Pump Flow Rate	10 L per minute	
8-Stage Filtration	One multi-media filter	R.O. membrane
	One adsorption filter	One carbon filter
	One 1 micron filter	Infrared mineralization
	One 5 micron filter	UV disinfection

Technical Parameters of Water Vending Machine with Six Outlets

Sub-Model	Daily Production	Power Input	Voltage	Source Water	UV Lamp	Recycle Rate	Desalting Rate
RO-300-DW-800	800GPD	700W	AC 220V 50Hz/	Tap	30W	30-45%	98%
RO-300-DW-1600	1600GPD	1900W	AC 110V 60Hz	Water	30W	30-45%	98%
RO-300-DW-2400	2400GPD	2300W			30W	30-45%	98%
