

# Snack Small Vending Machine

## Description

Snack vending machine is a kind of mini vending machinery that sells confectionery, crisps, biscuits, chewing gums and healthy snacks including noodles, cookies, slices and nuts. There are five adjustable delivery channels suitable for five kinds of goods. It sells snacks packed in boxes or bags. It mainly consists of powder coated steel cabinet, coin acceptor, bill validator, system board, motor and spiral. Small snack vending machine can sell about 60 to 95 pieces of goods. With this mini vending machinery, consumers can buy snacks by multiple coins and bills from different countries.

## Features

1. It is equipped with waterproof steel cabinet and viewing window.
2. The mini snack vending machine is characterized by module design, easy installation and convenient maintenance
3. The mini vending machinery is installed with micro-computer to control and detect malfunction.
4. We can set price freely and can easily get the vending situation.
5. The snack vending machine realizes computerized vending and preserves sales record.

## Operation and Maintenance Attentions

1. We need to know the exact dimension of the products for vending.
2. Our company provides one year warranty for the broken parts of this mini vending machinery. Customers can contact us via email or phone for after sale service.

## Packaging and Transportation

We package automatic snack vending machines in carton for ordinary order. For bulk order, we use polywood cases for sea or air transportation.
