

Table Standing Small Vending Machine

Introduction

Table standing small vending machine is a kind of vending equipment standing on the table. This table top vending machine can fully complement the lack of human resources to adapt to the changes in the consumption environment and consumption patterns. Operators need less capital and small size. It mainly consists of powder coated steel cabinet, coin acceptor, bill validator, system board, motor and spiral. This small vending machine can be put together with the coffee machine selling about 60 to 95 pieces of goods. The table top vending machine can accept multiple coins and bills from different countries.

Characteristics

1. The desktop vending machine is equipped with waterproof steel cabinet and viewing window.
2. This automatic small vending machine is characterized by module design, easy installation and convenient maintenance
3. The table top vending machine is equipped with micro-computer to control and detect malfunction.
4. We can set price freely and can easily get the vending situation.

Operation and Maintenance Attentions

1. We need to know the exact dimension of the products for vending.
2. Our company provides one year warranty for the broken parts of this small vending machine. Customers can contact us via email or phone for after sale service.

Packaging and Transportation

We package automatic table top vending machines in carton for ordinary order. For bulk order, we use plywood cases for sea or air transportation.
