

Wall-Mounted Small Vending Machine

Description

Our company can customize state-of-art small wall mounted vending machines for selling goods automatically. Consumers love our mini vending machines for their good looks and ease-of-use and vending operators love them for their ability to produce steady cash profits. It is mainly composed of powder coated steel cabinet, coin acceptor, bill validator, system board, motor and spiral. The wall mounted vending machine is suitable for hanging on the washroom, shopping mall,

convenience stores, etc. There are five columns that can be adjusted to sell about 60 to 95 pieces of goods. This mini vending machine can accept multiple foreign coins and bills.

Characteristics

1. Waterproof and wall-mounted structure makes it convenient for installation.
2. Burglarproof design with strong tempered glass ensures the security of wall mounted vending machines.
3. With GSM system, this mini vending machine can display price and goods information. We can check the total amount, total selling commodities, remaining quantity, and so forth.
4. We can set price freely and can easily get the vending situation and

statistic.

5. Pukui wall mounted vending machine has function of giving change.
6. This mini vending machine is equipped with micro-computer to control and detect malfunction.

Operation and Maintenance Attentions

1. We need to know the exact dimension of the products for vending.
2. Our company provides one year warranty for the broken parts of wall mounted vending machines. Customers can contact us via email or phone for after sale service.

Packaging and Transportation

We package this automatic mini vending machine in carton for ordinary order. For bulk order, we use polywood cases for sea or air transportation.
